11th Polytech Pro Day
November 16th, 2021
9am-5:30pm
Hybrid Edition
COME AND MEET THE ENGINEERS OF TOMORROW

For 11 years «Polytech Pro Day» has brought together companies and engineering students of Polytech Grenoble.

- A forum created by an association of volunteer students from all disciplines.
- A unique opportunity for your company to meet us.
- The creation of links between professionals and students with a view to a future collaboration such as internships.
- A meeting with young graduates in search of professional opportunities.

REGISTRATION FEES

- €600 for companies
- €400 for members of the Partner’s Club

Registration deadline

October 24th, 2021

THE 7 BRANCHES OF ENGINEERING IN POLYTECH GRENOBLE

- Electronics Engineering and Industrial IT
- Geotechnical and Civil Engineering
- Computer Science
- Computer Science and Electronics for Embedded Systems
- Materials Science
- Risk Prevention
- Health Information Technology

ONLINE REGISTRATION
https://polytech-applications.univ-grenoble-alpes.fr/insjpp.php
This year we decided to innovate by organizing a hybrid version of “Polytech Pro Day”. This format allows us to offer you:

- The **2nd of November**: a time for uploading documents as soon as the platform opens.
- The **16th of November**: a forum dedicated to exchange in different formats, with some companies face-to-face and others in remote.

### Face-to-face
If you have chosen the face-to-face format, during the forum that will take place outside Polytech in the Polygone building, you will be able to:

- Hold a stand, with the documents concerning your company uploaded on the platform.
- Welcome and discuss with visitors present at your stand, students and teachers.

### Remote
If you have chosen the remote format, during the forum day, you will be able to:

- Hold a virtual stand, on which you will have deposited the documents concerning your company.
- Welcome and discuss with visitors present at your stand, students and teachers via the video conferencing system.

### Plateform
It will be used to:

- Submit your internship or job offers and any other documents that may be useful to present your company.
- They will be available to students as soon as the platform opens.
- Consult the CV database which will be enriched as students register on the platform.

### FORUM OF THE NOVEMBER 16TH

**9am – 5:30pm**
Exchange session between companies and students

- **10am**
  10 min of Poly’Band concert

- **10:30am**
  Presentation of Poly’Bot’s robot

- **12:30am-2pm**
  Interdisciplinary challenges

- **2pm**
  10 min of Poly’Band concert

- **2:30pm - 3:30pm**
  Student projects’ presentation

- **4pm**
  10 min of Poly’Théâtre performance

- **5pm**
  Award ceremony of Objectif Polytech competition

- **5:30pm**
  Closing show by the Polytech’s cheerleaders and Poly’Band

The same platform will be used for both formats, face-to-face and remote.

In order to facilitate your virtual installation on the platform, a student team will help you throughout the preparation of your stand.
OUR PARTNER’S CLUB

The partnership between companies and Polytech Grenoble can also be further pursued through our partner’s club, for the development of privileged relationships.

- Welcoming interns or work-study trainees
- Proposals for academic projects and internship subjects
- Business experts can participate in the training of the students according to the specialties
- Allocating part of the apprenticeship tax
- Potential hiring of the graduate students
